

CB350 Maxfront

Beverage Cooler 293lt

Discover the professional 1.82m beverage cooler, designed for cafés, mini markets, convenience stores, and food service businesses that require reliability, energy efficiency, and outstanding product presentation.

Its modern design without an illuminated canopy provides a clean appearance and maximizes the display area, while the wide cabinet design allows for the display of more products, increasing merchandising opportunities and impulse sales.

The aluminum-framed glass door combines durability, reliability, and a professional appearance. It features a full-height integrated aluminum handle, designed as a seamless extension of the door frame from top to bottom, offering elegant aesthetics, ergonomic operation, and exceptional durability for intensive daily use.

Thanks to its dynamic cooling system and electronic thermostat, the cooler delivers fast cooling performance and stable temperatures, even under demanding commercial conditions.
