

CB450 SZ Evoline

Beer Cooler 460lt

The new Evoline Beer Cooler has been specifically designed for excellent product preservation at very low temperatures, reaching down to -4°C. Its reinforced insulation, efficient cooling system, and high-quality components ensure stable temperatures, reliability, and reduced energy consumption.

An ideal solution for beer, soft drinks, and beverages that require extra-cold serving temperatures in HoReCa venues, convenience stores, mini markets, and retail outlets.

- Reinforced insulation for improved performance and energy efficiency
- Copper evaporator for enhanced cooling efficiency, improved reliability, and extended service life
- Heavy-duty aluminum door frame
- Low noise operation

The Evoline Series cooler can be perfectly combined with other models from the same range, creating a uniform and elegant professional presentation throughout your store or commercial space.

A professional-grade cooler that combines powerful cooling performance, robust construction, and outstanding product visibility, delivering the ideal conditions for perfectly chilled beer.
