

CB450 Oinotech Dual

WINE COOLER 458lt

Frameless Dual Zone Wine Cooler with 14 Wooden Shelves

A high-end wine cooler designed for demanding wine lovers and HoReCa professionals who require **maximum control and flexibility**. This **dual-zone premium model** is suitable for freestanding or built-in installation and offers perfect storage conditions for different wine varieties at the same time.

The frameless door design combined with **14 beechwood shelves** delivers excellent stability, ergonomic access and superior presentation, allowing different wines to be stored at **independently controlled temperatures**.

- **Two independent cooling zones** for simultaneous storage of red and white wines
- Electronic thermostat for accurate and reliable temperature control **per zone**
- Capacity: **188 bottles (0.75L)** with alternating storage
- **15 beechwood shelves** with integrated stop system for safe partial extension and easy bottle loading
- Ultra-low noise level: only **38 dB**
- **LED lighting x3** for uniform and elegant interior illumination
- Premium **Embraco compressor**
- **Inverter technology** for stable operation and reduced energy consumption
- **Triple-glazed glass with Low-E coating and UV protection film**, providing superior insulation and a stable internal microclimate

Operating conditions: 25°C / 60% Relative Humidity
