Countertop Display Fridge 50lt

High Aesthetic Countertop Display Fridge – Energy Class B

50 lt display refrigerator with a **full glass frameless door**, offering a modern and elegant appearance, ideal for professional environments. Designed for **countertop placement**, providing excellent product visibility while saving valuable floor space.

Equipped with a **mechanical thermostat**, **static cooling with fan assistance** for more uniform temperature distribution, and **1 internal LED** light that effectively highlights the products.

The **insulated glass panels** contribute to lower energy consumption and help maintain a stable internal climate.

This display fridge is ideal for **impulse sales**, as it showcases products in the best possible way and enhances their visibility.

Widely used in retail stores, supermarkets, cafés, restaurants, pizzerias, gas stations, and more. It is particularly suitable for self-service environments, offering an excellent opportunity for strategic placement to create a focal point and increase additional sales.
