Back Bar Cooler 193lt

New Design & Low Energy Consumption

The new under-counter cooler combines modern design with ultra-low energy consumption, making it the perfect solution for professional spaces with limited room.

- Ideal height to fit neatly under a workbench.
- Electronic thermostat for precise temperature control.
- Insulated glass for reduced energy usage.
- Low noise level for quiet operation.
- LED lighting for excellent product visibility.
- Energy certified for reliable and efficient performance.

Operating Conditions:
32˚C / 65% Relative Humidity

A cooler with sleek design, top performance, and energy efficiency – perfect for modern professional needs.
