

CBTK 66 B Can Cooler

Cylindrical Promotional Can Cooler 65lts

The new **CBTK 66 B Can Cooler** is a unique merchandising solution for soft drinks, beer, and energy drinks in cans. Its cylindrical design provides **360° product visibility**, attracting customers' attention and encouraging impulse purchases.

Specifically designed for **promotional branding**, it offers a large exterior surface that can be fully customized with company logos, advertising graphics, and brand colors. It is the ideal solution for beverage companies, supermarkets, convenience stores, gas stations, HoReCa venues, exhibitions, sporting events, concerts, and any retail environment where product visibility is essential.

The cooler features **two top-hinged glass lids**, providing easy access to the products while allowing for quick and convenient restocking. Equipped with swivel castors, it can be easily moved and positioned wherever additional product exposure is required.

Designed and tested for **Climate Class 4 (32°C / 65% RH)**, the CBTK 66 B delivers reliable performance in both indoor and covered outdoor environments.
